Dear Mr. Whitehead:

This letter will confirm our phone conversation of March 13, 1987. As I indicated then, Texasgulf is continuing to work on the deficiency comments for the MR-1 submittal. The most recent estimate for completion is late July. At your request, the package will be submitted as one document as opposed to a part at a time.

As work progresses, the submittal date estimate might change. I will keep you informed. Should you have any questions, please feel free to call me.

Sincerely,

James H. Huizingh
